Date of Visit vis\_dat  (mm/dd/yyyy)

### Category Fluency Test- Animals

#### CRF 1.0

Say. " I am going to give you a category and I want you to name, as fast as you can, all of the things that belong in that category. For example, if I say "articles of clothing," you could say 'shirt,' 'tie,' or 'hat'. Can you think of other articles of clothing?"

Allow the participant to produce 2 responses. If they are not articles of clothing, you can say, "No x is (are) not an article(s) of clothing. You could have said 'shoes' or 'coat' sine they are articles of clothing"

Then, read the following instructions:

**"Now, I want you to name things that belong to another category: Animals. You will have one minute. I want you to tell me all the animals you can think of in one minute. Ready? Begin."**

Start the timer as you say "begin". One prompt ("Tell me all the animals you can think of") is permitted if the participant makes no response for 15 seconds or expresses incapacity ( e.g., "I can't think of any more"). Stop the participant at 60 seconds.
